TO A COMET.

Where doth thy journey load, eccentric star?
When o'er the earth as longer two doar beam?
Then, dost thou fly, mid mightly worlds after,
O'which man's mind hath never had a dream?
If no—what are they? doth mortality
There chain the spirit in her vibe coursed?
Or, are they manatoms of the pure and free,
Uncloged with gnatter; or do they still red.
Househout the universe, no dwelling for a sould

Throughout the warm pass did many a year, Strange child of Heaven? pass did many a year, Ere to thy starting post thou didst return? What could detain thee?—By thy fast career, Urged headleng forth, thy flery train did burn. Tun near, perchance, where flew nome other wo. Till thou didst meet it with so dread a shock, he made caption quake, and downward hurled As made egetion quake, and downward horied.

As made egetion quake, and downward horied.

The posterous, molten, boiling mass of rock, sook from its former seat, as though for those to in

Shook from its former seat, as though for thes to mock.

Then art, perhaps, a messenger from God,

To strike existence from some luckloss aphere;

To lash some planet with thy flaming red;

Or he a beacon of distress that's near!

Such was thou deemed of old,—besseth thy ray.

Nations grew pale,—dark bedings of their lot.—

Of death, destruction, and a bloody day.—

Came, like a whirlwind, o'er the troubled thought,

Instilling fears, that now, are almost all forgot.

Instilling fears, that now, are amout an rorgo.

Or doet thou idly take thy wondrous way,
Searching Jehovah through the depths of space...

Oh! whate volume would thy book display,
That records of thy pilgrimage could trace!
Foor child of clay! how vain thy vanity!
What is thy boasted wisdom? what is all
Thy mental power—thy proud philosophy?—
Merely from seas of truth a drop to call...
To be possened of more, forbid by human thrall. o be possessed to more, recess by Would I could with thee to that furthest verge, Where through infinite masses thou dost roam !— Sing, mortal: sing, for me thy fun'val darge, If on hu wing he made for me a home, Cleaving the boundless other, mounting o'er

and worlds, all glorious, to les Around th' Almighty's throne, and there adore!
Humanity! The soul way wilt thou keep,
Still in her sepulchre, cold, dreary, dark and doep? When will her heav'nly resurrection be, Rising from clods of flesh that wall her s

Notes were seen that wall not research that wall not research thing all glorious—with wings to files

To native regions flat, and all unbound?

But she a little while must strive with grief,
And sunk-cyed care; yet immortality
Doth, smilke, rase, strengthening of hope the leaf,
And shines around, O Comet! even thee,
To show the deathless spirit yet may with thee be.

REFLECTIONS

Vol. XIII.-Whole No. 401

Hope is a bright and beaming star.
That lights the wanderer on his buy;
In brilliance glitt'ring from after,
Juy connatus from of ty ray;

When his first benement of clay
Is cally to close its short career,
Hope both his troubled again tony,
"Discrease the career, he of good chases."
His gazes on its beams do ine,
Facil in the formaness do ine,
Facil in the formaness also had,
Where it for ever bright will shore,
The wanderer's guide...his point stay.

House were announced."

From the Liverpool Standard, Feb. 8.
It is confidently asserted that he Majesty's Ministers have abandoned their plan for emancipating the Slaves in Biree years. This statement is given out on the authority of the fire-day of the Ministers, and by Societies formed to promote the immediate abolition of Blaver.

be the disanger was assumed the flames when residual in the large was a setting with a plan for exampleing the Before I bare the matter, I will not be the first of the first

that bank up house, were arrested on the 27th of last month, between Lugano and Postno, on the other side of Mount South Berrard. There were found upon them 24,000, in gold, and 8000, in alver, beades a considerable number of bank notes.

Commercial letters from Surgran, to the 6th January, assert that a treary had been concluded between Russa and the Forte, in which the Emperor Nicholast agrees to succour the Balisan with a fleet, and with an army of 0,000 mer.

We take the following from the Journal du commerce of Lyons, of the 27th—Two days ago a mercantele house was opening some bales of cotton, when to the astonishment of those engaged in the operation, there was found in one of them the body of a negro, bent double and carrelluly packed in the model of it. Letters by the Hamburg mail, announce the lailure at Copenhagen, of the 27th—Two days ago a mercantele house was opening some bales of cotton, when the the stonishment of those engaged in the operation, there was found in one of them the body of a negro, bent double and carrelluly packed in the model of it. Letters by the Hamburg mail, announce the lailure at Copenhagen, of the emiscent mercantic firm of Blacks, Widdow & Co. It was engaged principally. The packet ship Rhone, Cap. Rocket.

at Copenhagen, of the eminent mercanite firm of Blacks, Widdow & Co. It was engaged principally in the corn trade.

The packet ship Rhone, Capt, Rockett, from Havie, left that port as late as the 19th ult. We have received by this packet Pains and Havre papers to the 18th.

The Indicateur, of Bordeaux, gives the hollowing extract of a letter of the 31st Jan. from Madrid.—"M. Jea Bertmider, has just concluded a treaty with Sir Strotford Caming, in virtue of which Donna Main di Gloris, a to be acknowledged absolute Queen of Portugal. Her husband is to be chosen from the House of Najies. By the same traxy, the Cabinets of Paris and London have engaged to acknowledge the young princes of Siam, whose right to the crown is to be established by the Cortea, which will assemble on April 1.

Howe of Najies. By the same trax, the Cabinets of Paris and London have engaged to acknowledge the young pruness of Siyam, whose rapit to the crown is to be established by the Cortes, which will assemble on April 1."

Letters from Bucharest to the 20th Jan. announce the approaching arrival of a Russian corps d'armee of 23,000 men, in the principalities. Its object is no doubt provisionary, and intended to give weight to the offered mediation of Russia.

Intelligence from Constitutionale, received in Paris on the 15th February, announces the conclusion of an armistice between the Pacha of Egypt and the Salian, without the intervention of any foreign power.

Much inquieted was manifested in the diplomatic circles on the arrival of a courier at Paris on the 16th, from 8t. Petersburgh. The most profound silence was preserved upon this subject, so much so that fears are entertained that the news camnot be favorable.—Immediately after there was a Council of Ministers at which the King assisted.

1t is expected that ministers will require of the Camber of Depatities the eredit of a million for the dowry of the Queen of the Relgians.

Loxton, Feb. 12.—The Cornway, Captain Eden, las been most actively cruising, and has of late desiand several Dutch vessels. She has sent into Chatlann the Hennett and Henry, 360 tons, 116 days from Batavia to Amsterdam, with coffee and sugar; also,

Loxnos, Feb 22d, Friday evening, half-pair 7 o'clock, from a private Correspondent at Faria, dated 2th met. We have accounts to day from Madrid to the 15th met. The new maintainon of the Carlesta, which is in imitation of the National Guards of this country, was becoming exceedingly popular. Every person of note who is attached to the government and parrati to the liberal poice which it has latterly shown a disposition to adhere to, had enhant and parrati to the liberal poice which it has latterly shown a disposition to adhere to, had enhant distribution of the National Control of the National Contr
